Tracing practice for numbers 8, 2, and 10. The number 8 is formed by two loops. The number 2 is formed by a curve and a horizontal line. The number 10 is formed by a vertical line and a circle. Each number is shown with stroke order arrows and numbers 1 and 2. The final number 10 is shown in pink, indicating it is the answer to the problem 8 + 2 = 10. Illustrations of green and orange leaves are placed around the numbers.

Tracing practice for numbers 6, 3, and 9. The number 6 is formed by a curve and a vertical line. The number 3 is formed by two curves. The number 9 is formed by a circle and a vertical line. Each number is shown with stroke order arrows and numbers 1 and 2. The final number 9 is shown in pink, indicating it is the answer to the problem 6 + 3 = 9. Illustrations of green and orange leaves are placed around the numbers.

Tracing practice for numbers 3, 1, and 4. The number 3 is formed by two curves. The number 1 is a simple vertical line. The number 4 is formed by a vertical line, a diagonal line, and a horizontal line. Each number is shown with stroke order arrows and numbers 1 and 2. The final number 4 is shown in pink, indicating it is the answer to the problem 3 + 1 = 4. Illustrations of green and orange leaves are placed around the numbers.

Tracing practice for numbers 2, 5, and 7. The number 2 is formed by a curve and a horizontal line. The number 5 is formed by a vertical line, a horizontal line, and a curve. The number 7 is formed by a horizontal line and a vertical line. Each number is shown with stroke order arrows and numbers 1 and 2. The final number 7 is shown in pink, indicating it is the answer to the problem 2 + 5 = 7. Illustrations of green and orange leaves are placed around the numbers.
